Bibliography

Note re. Newspaper References: A number of the newspaper articles included in the bibliography below were accessed using the Infotrac database. However, Infotrac does not always provide page references for articles. In such cases, reference to the page range of the article has been marked 'NA'; I then give the Infotrac reference number to aid in retrieval. For example, a reference to an Infotrac-sourced article's page range might be replaced by NA/CJ116808098.
